**Attachments:** FINAL\_5-15-2013 -SWM Removal Action Workplan.pdf

Nathan,

Attached is the Final SWM Removal Action Workplan. I used a Microsoft Word tool to compare the interim and Final documents. The major difference is that a section 4.1 was added to describe the CEQA steps that were taken (plus we took all language out of the document referencing "interim"...).

Please call or e-mail if you have any more questions.

Neil

**Subject:** Quick Question

Hi Neil,

In the Regrading condition for the draft conditional approval, a change was suggested:

The document titled '*Interim Soil Removal Work Plan, May 10, 2013*' was changed to '*Removal Action Work Plan, May 13, 2013*'. The former is the document that was provided in the binder from the site visit. Could you clarify if there are any differences between those two documents?

Thanks,  
Nathan
